EDUCATION

Information Science | Michigan State University

JANUARY 2018 - MAY 2021

Cumulative GPA: 3.2

SKILLS

- Creation of Personas, Wireframes, and User Flows
- HTML, CSS, JavaScript, Node.js
- Python, C++
- Data Analysis and Visualization (R)
- Network Architecture

PROJECTS

Personal Portfolio Website | Web Development

- Created using HTML, CSS, and JavaScript
- Started with a competitive analysis
- Used self-made wireframe, personas, and user flow

IT Assistant | Innovative Interfaces

- Recruited and ran studies with participants
- Created a prototype device to assist IT workers
- Prototype was programmed and shown to participants to gain feedback
- Feedback was then implemented

Uber Eats | Evaluating Human Centered Technology

- Conducted a usability study on the desktop Uber Eats website

INTERESTS

Volunteered over spring break for two years with Pay It Forward Tours. Member of the MSU Ballroom Dance Team, Swing Club, and Toastmasters. Keeps up to date with issues in cybersecurity. Passionate about video games.

WORK EXPERIENCE

Set Up Crew | Meadowbrook Hall

OCTOBER 2017 – AUGUST 2020

Helped set up events (mostly weddings), and occasionally bussed during events.

Crew Member | Jet's Pizza

APRIL 2016 – FEBRUARY 2017

Helped complete orders, handled the register, and helped clean.
